Driveway/Parking Lot Paving	The drive is breaking up, creating huge potholes. There are places where the hot top was removed several years ago for ditching and never replaced. The parking lot in the back of the building has started to break up as well. It is making it difficult to plow due to the valleys and mounds that are being created.	\$5,000.00		\$5,000.00	\$5,000.00	\$5,000.00	\$5,000.00	\$5,000.00	\$5,000.00	
Radio Equipment Upgrades	This would create a Capital Fund to replace radio equipment which is at various stage of aging. Many of the control radios in the back room are in the range of 20 years old and we need to develop a means of replacing them. Also, we have purchased the last couple of complete radio system upgrades with grant funding that may not be available. Capital Asset Definitions and Guidelines

Capital assets are tangible and intangible assets acquired for use in operations that will benefit more than a single fiscal period. Typical examples are land, improvements to land, easements, water rights, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and various intangible assets. A capitalized asset is a capital asset that has a value equal to or greater \$5,000.

Capital Asset Acquisition Cost

Capital assets are recorded and reported at their historical/acquisition costs. Historical/Acquisition cost includes the vendor's invoice, initial installation cost (excluding in-house labor), modifications, attachments, accessories or apparatus necessary to make the asset usable and render it into service. Historical/Acquisition costs also include ancillary charges, such as freight and transportation charges, site preparation costs and professional fees.
