Love Lost - Love Gained

Are you Are you
 coming to the tree
 where they strung up
 A Man, they say Murdered 3
 Strange things did happen here no
 stranger it would be If we
 met up At Midnight in
 the hanging tree.

Are you Are you
 coming to the tree
 where I told you
 to Run so we'd both be
 Free Strange things did
 happen here. no stranger
 it would be. If we met
 up At Midnight in the hanging tree

Are you Are you
 coming to the tree
 where the dead Man called
 out for his Love to Flee
 Strange things did happen
 here. no stranger would it be
 If we met at Midnight in
 the hanging tree

Are you Are you
 coming to the tree, wear
 A Neckless of Rope
 side by side with Me
 Strange things did happen
 no stranger it would be
 If we met at Midnight in
 the hanging tree.

To be back where things make sense, to stop living in fear, you see life is an awful strange thing. But to live life on the inside you are apart of more then just a statistic. You are apart of a scary reality, a bed time story with a real ending to your kids. But you are also apart of a group "the survivors" Because all to well we know that what doesn't kill us makes us stronger, and if there is a choice we will ever live life on the outside of theses walls. Life will no longer be black and white but rather grey, (Grey) that beautiful majestic, breath taking grey. Between the darkness and the clouds, you will be grounded, and will have purpose. Time will slow down and I promise you will stop to smell the flowers. Because you can open your eyes a million times and never see the light, but to see the (Grey) only the once caged but now free man can see, and understand just that.

Another month passes, another day done, I cry because the system has already won. I fight a losing battle, but I'll fight till the end. I'll fight in this castle, protect and defend I'll fight the flying dragons. Who swoop in with might, who could take one bite & end my whole life but I will stand strong. And I will stand tall, because it will take more then this to make me fall. So I will sit here and wait until I hear a mighty Go. And they will say I am sorry I was so wrong, But I can't turn back time and get the years back so I'll continue on this path and that's a fact. Maybe someday I will be free of this chain and hopefully forget all the remaining pain. And I will say I will stand strong, and I will stand tall. I promise you this you will not see me fall.

Forgive or Forget

By Ryan Ellis

Forgiven by some, forgotten by most.

That is the reality in which I live.

Those who have forgotten

Never took the time to see.

For them, the mistake I made

Is all I'll ever be.

For me they had no concern.

They wanted what I had.

That I let myself be blinded by

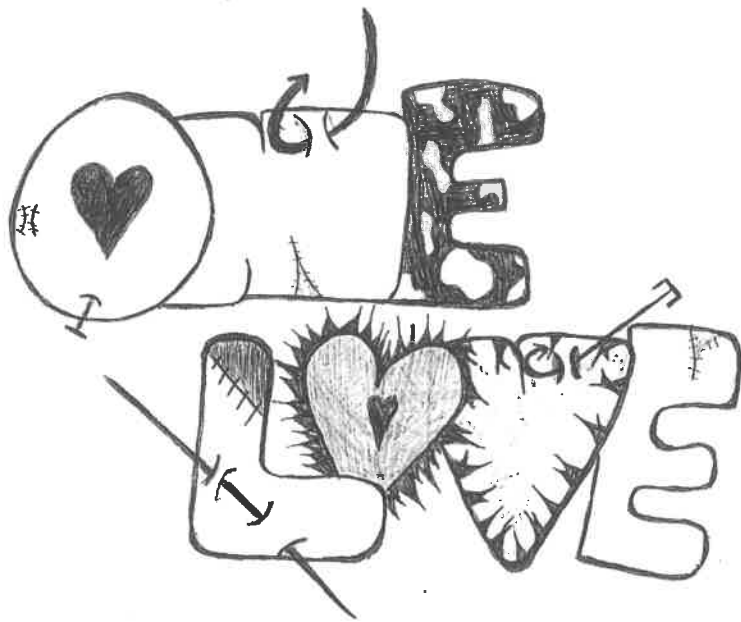

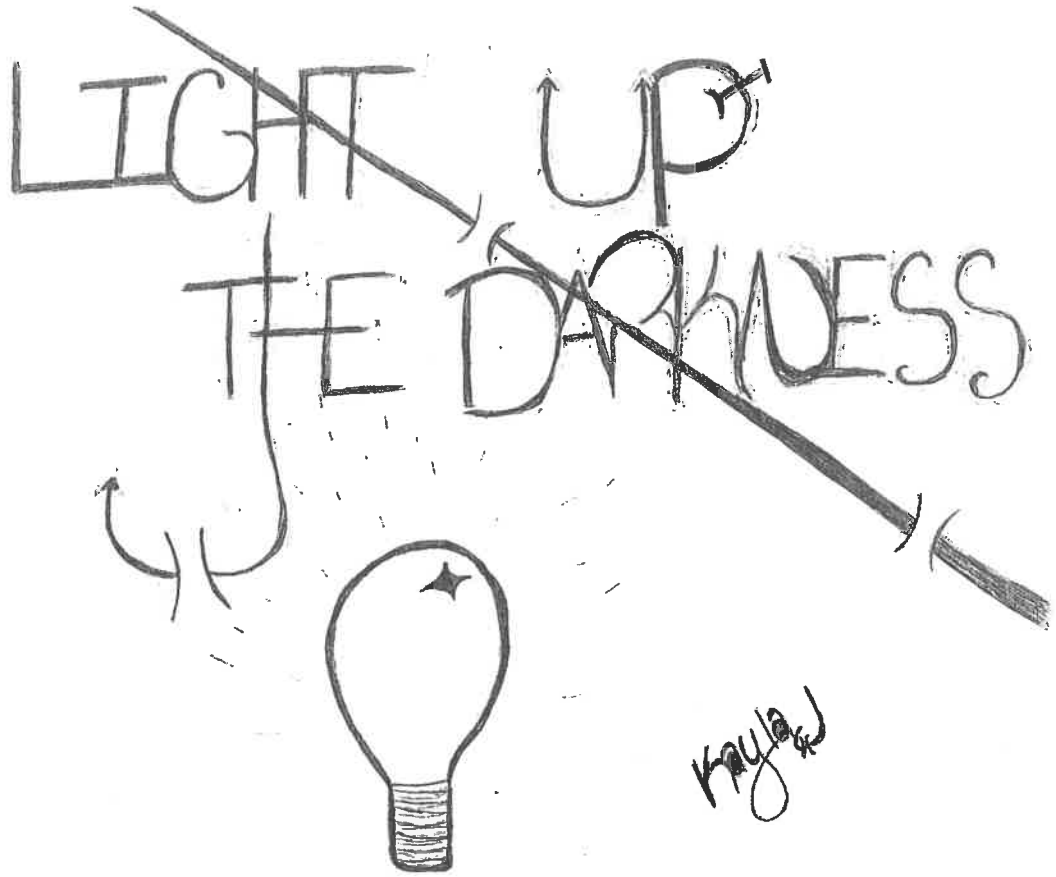

A lie is so profoundly sad.

Ten to twenty years is

The penalty that will be given.

But the price I pay, is the pain I caused

In those that have forgiven.

Jail Rot:

My skin don't like it in this Land of the lost.
All this time here is only gettin' grimmier.
Hair gets greasy so fast, A shower never last.

Being around the locals is gross. I Hate
havin' to get close!

Forced to get padded down several times
a day, wishing I could just stay out the
way!

Time goes by slow every wakin' hour.
The mind control in here is just so they
can over power!

Nothin' seems real. Everyday is gettin'
harder to feel. This 'a for' I don't seem
like such a good deal!

How long will bein' here last, I can't help
but miss my past!

Wish the end would
get here fast!
